I, Anthony S. Mosley, a duly authorized officer of The Micronesian Telecommunications Corporation, hereby certify on behalf of it and its wholly-owned subsidiary GTE Pacifica, Inc. d/b/a Verizon Pacifica (collectively "MTC"), that I have personal knowledge that MTC has established operating procedures that are adequate to ensure compliance with the rules of the Federal Communications Commission, codified at 47 C.F.R. **STATEMENT REGARDING OPERATING PROCEDURES
IMPLEMENTING 47 C.F.R. PART 64, SUBPART U
GOVERNING USE OF
CUSTOMER PROPRIETARY NETWORK INFORMATION (CPNI)
EFFECTIVE FEBRUARY 6, 2006**

The following statement explains how the operating procedures of The Micronesian Telecommunications Corporation and its wholly-owned subsidiary GTE Pacifica, Inc. d/b/a Verizon Pacifica (collectively "MTC") ensure that MTC is in compliance with the Commission's CPNI rules, as codified at 47 C.F.R. Part 64, Subpart U.

MTC does not share CPNI with third parties and does not share CPNI about different categories of services (local exchange, long distance, and CMRS) among affiliates. MTC does not engage in outbound marketing, and its inbound marketing is limited to responding to customer inquiries regarding other services MTC provides. Because MTC has no present plans to engage in any cross marketing that would require customer approval, detailed procedures regarding opt-in or opt-out approval under 47 C.F.R. Part 64, Subpart U, have not been developed. MTC's personnel are trained on the appropriate uses of CPNI and are subject to express disciplinary procedures for violations. Moreover, MTC has internal procedures in place to guard against the unauthorized disclosure of CPNI to third parties.
